ALEKS will have students answer a series of questions that should take between 50 min. and 90 min. to complete. Before beginning the actual assessment, students will be directed to complete a short online tutorial so that they know how to enter answers in ALEKS. At any point during the assessment you can log out of the system and all of your answers will be stored. You can then log in at a later point in time and continue the assessment where you had previously stopped.

The ALEKS system is fully automated and the ALEKS assessment is adaptive. The first questions asked will be drawn from across the curriculum, and may be too easy or too hard. As the assessment proceeds, your answers will be used to give the system an idea of your knowledge, and it will gradually focus the questioning in an individually appropriate way. By the end of the assessment you should find the questions generally challenging but reasonable for your individual level of knowledge.
